

Your request - Cleanroom

Please complete this document and send it to Vertrieb-RR@SchillingEngineering.de or send it directly to your contact person.

In order to make an offer, we would need the following information:

Name of Company:

Name, first name:

Is there a User Requirement Specification?

If so, can you please send us the corresponding file?

Is there already a layout?

If so, can you please send us the corresponding file?

1) In which industry is your company active?

2) Which cleanroom class is required?

- GMP:
- ISO 14644:
- Not decided yet / advice required

3) Which other contamination risks are relevant?

- Electrostatic Discharge (ESD)
- Outgassing

4) Are there EX protection zones?

If so, which ATEX class is required?

5) What is the planned size of the cleanroom?

Width x Length x Height cm x x

6) Are certain room conditions to be observed for the process?

- Temperature: °C Tolerance: +/- °C

- Air Humidity: % Tolerance: +/- %

7) Are there machines inside the cleanroom?

If so, could you specify the approximate heat load? kW

8) Is there process exhaust air requirement on-site?

If so, could you specify the approximate heat load? m²/h

9) Is process water available?

	Flow temperature	Return temperature	Power (kW)
Pump hot water	<input type="text"/> °C	<input type="text"/> °C	<input type="text"/>
Pump cold water	<input type="text"/> °C	<input type="text"/> °C	<input type="text"/>

10) Is the construction site for the installation of the cleanroom already known?

- What type of building is this (Hall, mezzanine floor with concrete ceiling)?

- What is the interior height? cm

- Is the on-site structure sufficient for suspension? (max. 50kg/sq.m.)?

11) How many people per shift should work in the cleanroom? persons

12) Do you need cleanroom and lock equipment?

- Workstations	<input type="text"/>
- Tables, chairs	<input type="text"/>
- Lock furniture	<input type="text"/>
- Clothing concept	<input type="text"/>
- Other	<input type="text"/>
- Not decided yet/advice required	<input type="checkbox"/>

13) When should the cleanroom be ready for use?

Please complete this document and send it to Vertrieb-RR@SchillingEngineering.de or send it directly to your contact person.
